Dear Families,

Happy World Water Day! Today our whole school assembly was all about valuing water. As part of becoming a rights respecting school we discussed article 47, which includes the right to clean water and a clean environment.

Surprising but True

Did you know that horseracing is Britain's second-favourite sport after football? With over six million attendees passing through the turnstiles at racecourses around the country every year, the sport's popularity is widespread.

Even more Surprising but True

Did you know that whilst the modern-day sport of horseracing did originate in Britain, horses have been racing for as long as they have been domesticated? Nomadic tribesmen raced horses in Central Asia as far back as 4500 BC, while the first horseback tournaments on British soil took place around 200 AD.
