

Thursday 18th March 2021

Dear Families,

After the success of our play day in September, we will be celebrating and embracing the importance of play once again. At Fairlawn, we believe playing gives children space and time to reconcile themselves to, and make sense of, an uncertain world. On top of this, through playing, children are subconsciously exploring their own powerful emotional responses to what is happening around them.

On the morning of Monday 22nd of March, your child will have the chance to bring in any small parts that they would like to donate to their bubble. We are always in need of more loose parts for each 'bubble' to play with. They should bring these donations to the class. Larger donations can be left outside the office clearly labelled with your child's year group.

Then, after allowing time for the equipment to be in quarantine, on Wednesday 24th March, your child will take part in a play day within their class bubble. They will have time to play inside and outside of the classroom exploring different areas in the school grounds.

Below you will find some ideas for play day donations; at this time we cannot accept any soft toys or dressing up clothes.

Yours Sincerely,

The Play Team
Fairlawn Primary School

LOOSE PARTS PLAY

Board games **Tarpaulins**

Old sheets and branches for den building

Kitchen utensils- Whisks, Spoons, Sieves

Pots and pans

Junk modelling –check your recycle box
