

RE Progression of Knowledge and Skills

Intent (Aims)	For all pupils to learn from different religions, beliefs, values and traditions while exploring their own beliefs, encouraging pupils to develop a sense of personal identity and belonging . All children are given opportunities for personal reflection and spiritual development to enable moral, social and cultural development .						
Pedagogy (How?)	<ul style="list-style-type: none"> RE is an important curriculum subject. It is important in its own right and also makes a unique contribution of pupils and supports wider community cohesion. Religious education provokes challenging questions about the ultimate meaning and purpose of life, beliefs about God, the self and the nature of reality, issues of right and wrong and what it means to be human. At Haseltine, RE lessons challenge pupils to reflect on, consider, analyse, interpret and evaluate issues of truth, belief, faith and ethics and to communicate their responses. It enables them to grow within their communities and as citizens in a pluralistic society and global community. RE is taught in class as a standalone subject every week. At Haseltine, we follow the agreed Lewisham syllabus for Religious Education. To enhance learning, all pupils attend RE trips and visits to support their understanding.
