Routines

Forest School - Wednesday PM (2L and 2K)

Outdoor PE - Thursday (2K and 2L)

Indoor PE - Monday (2L) Tuesday (2K)

Home Learning

Maths: Set Friday - due Wednesday

Spelling Practice: Set on Fridays and tested the following Friday

Our Learning Journey

This term's topic is entitled Tomorrow's World: recycle today for a better tomorrow. Throughout, we will be exploring how to live sustainably, and our impact upon planet Earth and its surroundings.

Outdoor Learning

Our outdoor learning sessions will continue to take place on Wednesday. Please ensure that your child brings suitable clothing on these days, including wellies, waterproof clothing and spare clothes.

PE Day

Please ensure that your child has the correct PE kit: white polo shirt; black/navy jogging bottoms, and trainers. Please send children to school in their PE kit on these days.

English

Reading and Phonics

Our new reading system is now underway, and hopefully you have noticed your child bringing books home. Please do listen to your child read their book daily, and also please do ensure that books are returned to school for the following week according to the date on the slip you will hopefully have received. Our new phonics groups are now routine and spelling tests will be undertaken within the assigned groups: please also ensure your child practices each day!

Writing

Having enjoyed writing about the wonders of George and the Dragon, Year 2 will now be exploring formal letter writing (non-fiction), where pupils will be exploring format, formal language and persuasive writing techniques, alongside further developing their handwriting and sentence-building during the early learning sessions.

Maths:

Our maths learning will continue with the addition and subtraction of two-digit numbers. We will then introduce our mathematicians to multiplication and division.

Science

Living Things: We will start the unit by looking at what makes something living, not living or once living. We will then look at how living things have offspring and the growth of these offspring, including some life cycles.
